- DGS and CalRecycle are collaborating to contract HAZWOPR training – full course and refresher. This training may become available to Cal OES and local responders as well
- Meeting every Wednesday at 1300-1400 in MPR2

Housing Task Force (HTF)

- HTF Point of Contact: Tina Walker (916) 835-9749; tina.walker@caloes.ca.gov
- The following agencies are participating in meetings: Department of Social Services, Housing Community Development, Department of General Services, FEMA Individual Assistance, Cal OES Logistics, Cal OES Public Assistance, Cal OES Individual Assistance, and Department of Food and Agriculture
- FEMA provided an overview of the IA programs that come with our FEMA IA declaration. Cal OES is working with FEMA on data collecting to help decision making for a direct housing mission. A smaller group met with the Shasta County Housing Task Force. FEMA registrations are underway and we are identifying properties and other solutions in coordination with the county
- Representatives from Cal OES and FEMA Individual Assistance Programs will present information on state and federal programs available to assist residence recover from recent disasters to the City of Redding and Shasta County on 8/22/18. During this presentation, attendees will learn about the FEMA application process, registration numbers, and dollar amounts already distributed within the community to assist with housing and other needs. Additionally, information will be gathered and used to design report tools to assist Authorized Agents, share feedback from FEMA call-backs, fair market rate analysis and community outreach activities conducted by Disaster Survivor Assistance Teams
- [Lake County registrations are underway. Mobile registrations are at the county courthouse. DRC to open at Tribal Community Center](#)
- Meeting every Friday in MPR2 at 1430-1530

This AirNow page (by US EPA) displays individual air monitoring sites and the hourly average particulate matter (PM) reading for each monitor.

https://www.airnow.gov/index.cfm?action=airnow.local_state&stateid=5

This AirNow page provides a composite California map of air quality hazard for PM and ozone (O₃) combined. It is also updated hourly. CDPH recommended this map for the UCG report. It also provides descriptions of the health risk levels, corresponding to the table below, as buttons below the map.

<http://californiasmokeinfo.blogspot.com/>

This page provides AQ forecasts based on the US Forest Service AirFire model, *not* current air monitoring readings. It also provides site-by-site rolling 24-hour AQ histories that are informative.

This CalEPA page provides several links (under the headings AIR QUALITY and FIRE CLEANUP: ASH AND DEBRIS) to recently-updated public health and safety FAQs, fact sheets and guidance documents (as well as to the links above.)
